Vol. 64, No. 22 CAMPBELL, SANTA CLARA COUNTY, CALIFORNIA Thurs., May 31, 1956

Many Issues Face Voters In Election Next Tuesday

Although the primary election next Tuesday, June 5, has gained nationwide attention because of the intensive campaigning of Estes Kefauver and Adlai Stevenson, Californians in general apparently, have not worked up too much enthusiasm. Only a small turnout is expected at the polls.

In addition to the usual elective positions that appear on the ballot, voters in the county for the first time will name a seven-member County Board of Education composed of laymen.

The new board under the state law enacted last year will replace the present board composed of professional educators appointed by the supervisors. Six of the new board members will be elected from certain specified trustee areas and the seventh will represent the county as a whole. Each voter in the county, however, will vote for one candidate from each of the areas or for seven candidates in all. There are 47 candidates filed for the positions.

Campbell and Los Gatos high school districts make up trustee area No. 4, with seven filing for the one position. Edward A. Arnott, 240 S. San Jose-Los Gatos Road, Campbell and Edwin C. Van de Mark, 557 Irving Ave., San Jose, are well known in this area. Arnott is retired and has 30 years of teaching experience and has also been a building contractor in Santa Clara County. Van de Mark, a painting and decorating contractor, served as trustee of the Campbell Union School District for six years.

The five other candidates for the district are Clyde B. Chace, Anita Goodrich Hawkes, Robert B. Murphy, Edwin D. Schuler, and S. Brooks Walton.

Other Candidates

Candidates from the other districts include:

Trustee area 1: boundary lines will be the Live Oak and Gilroy high school districts. A. L. Christopher, Theodore Chavel, Alexander Gabay and Robert H. Husk.

Trustee area 2: Eastside Union high school including the Harney elementary district. Candidates filing from this area are: L. Vernon Owen, Paul C. Bouthillier, Jack P. D'Angela Jr., Ed C. Glover, Mrs. Lela G. Henderson, John M. Sepulveda and Margaret J. Steacy.

Trustee area 3: San Jose Unified school district, Mrs. Alice H. Grimes, Raymond Mosher, Ralph Popkins, Miriam R. Resnick, Ella R. Stalker and C. W. Washington.

Trustee area 5: Santa Clara and Fremont high, Curtner W. Zanker, R. Ken Wilhelm, Richard D. Warfield, Maurice F. LaBrie, Charles Thompson, Nancy Hunt, Bart J. Curto and William J. Crompton.

EDWARD A. ARNOTT

Trustee area 6: Mountain View high and Palo Alto Unified districts, Gardner Bullis, Dr. Sid Tetenbaum, Frances J. Dias, Donald A. Hanley and Ben J. Lehman.

Trustee area 7: This area will constitute the entire county and the representative members from this area will be elected from the county at large. Candidates filing are: Henry J. Croe, Neil C. Justesen, Mrs. Martha Broderson Sirgo and Robert Morgan.

Allen vs. Harris

Assemblyman Bruce Allen, (Republican) of the 29th district, one of the two assemblymen from Santa Clara County, faces the challenge of William Harris (Democrat) a San Jose attorney, in the primaries. Both have cross-filed.

Gubser vs. Vatcher

Rep. Charles Gubser, Republican of Gilroy, congressman from the 10th district, is making a determined campaign to win both his and the Democratic nomination in the Tuesday election. Dr. William Vatcher, assistant professor of political science at San Jose State, is the Democratic candidate and he, also, has cross-filed.

Supervisors' Race

Three seats are open on the Board of Supervisors but only part of the voters in this area, however, are affected, those who live in supervisoral district No. 5 which includes the northern section of the county and includes a fringe section of the Campbell area. Most of the Campbell area falls in District No. 2 of which Joe McKinnon is supervisor. He will not face election for two more years.

Seeking election in No. 5 is Wesley (Bud) Hubbard, 45-year old lumber dealer from Palo Alto and Mildred Corcoran, school teacher, and member of the Palo Alto City Council. Hubbard is the son of the late Albert L. Hubbard, pioneer lumberman and for 25 years a member of the Board of Supervisors. Hubbard was an outstanding athlete at San Jose State and is well known throughout the county.

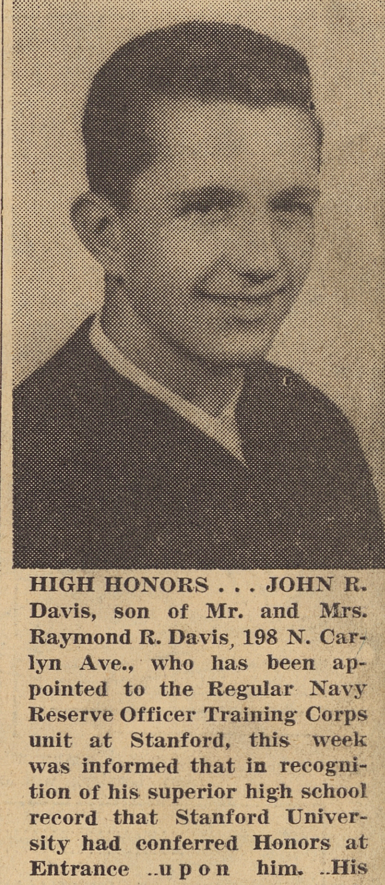
Both Kefauver and Stevenson have appeared in the county on their swing through the state in their quest for votes for delegates pledged to them at the convention. But except for the slight flurry when they were in the county, a marked apathy among the voters has been in evidence. There is no competition on the Republican side.

U. S. Senator Thomas Kuchel, Republican, is opposed by State Senator Richard Richards, Democrat on both tickets. Political observers expect each to win his own party's nomination, however, and face each other in the finals in November.

Former Congressman Sam Yorty is also contesting Richards for the Democratic nomination, although the Los Angeles County senator has received the blessing of all official Democratic organizations.

Voters will also name the central committees next Tuesday.

Polls will be open from 7 a. m. to 7 p. m. next Tuesday with 14 precincts in Campbell. There are 18 precincts listed for the Cambrian election district.



HIGH HONORS . . . JOHN R. Davis, son of Mr. and Mrs. Raymond R. Davis, 198 N. Carlyn Ave., who has been appointed to the Regular Navy Reserve Officer Training Corps unit at Stanford, this week was informed that in recognition of his superior high school record that Stanford University had conferred Honors at Entrance upon him. His NROTC appointment as a Midshipman at Stanford means that his tuition and all academic costs will be paid while he attends Stanford and upon graduation he will be appointed an Ensign in the Navy.

Following their luncheon meeting next Tuesday, Campbell Kiwanis Club will proceed to the Campbell Grammar School auditorium where they will be entertined by the school band and orchestra, under the direction of Eddie Tonini.

Jack Fischer, program chairman, will introduce Tonini. C. P. Klassen and Herbert Neale, committee

ROTARIANS HEAR CAREER STORIES

Campbell Rotarians were regaled with some humorous career seories when some of the members delated their early experiences.

Mario Saia, local butcher shop owner, told of one of his first experiences in the meat business when he was employed in a slaughter house and was paid off in livers.

Eddie Tonini, Campbell Grammar School music instructor, whose school band and orchestra are widely recognized in the State as being the best in their grade level, told of his experiences while "serving time" at Soledad State Prison (As an instructor, of course).

Forrest Reese told of his responsibilities as bus dispatcher and maintenance supervisor at Campbell High School.

Johnny Johnson was chairman for the day.

C of C Presses Program To Add to City Limits

Spearheaded by the Campbell Chamber of Commerce, a definite program of aggressive annexation, geared to combat San Jose's greedy tactics, got off the ground this week with the announcement that the first of several good-sized areas adjacent to the city was ready to join Campbell. Approximately 30 acres on the southern city limits of Campbell may soon become part of the city, if the annexation petition which has been drawn up meets all the qualifications. The petition is expected to be presented to the City Council on Monday night.

The area adjoins the southern limits just south of the Campbell Lumber Co., and extends along Winchester Road to Camden Ave, and then takes in a strip 205-feet wide south of Dell along the railroad track to East Parr Ave.

Sam Cava, secretary-manager of the Campbell Chamber of Commerce, has been instrumental in obtaining the necessary signatures from the property owners concerned and in completing the ground work necessary so that annexation petition could be presented to the Council.

Property owners have been personally contacted in the area and the advantages of becoming a part of the City of Campbell have been explained to them. The Chamber of Commerce, under Cava's direction has also prepared a tax breakdown showing acomparison of taxes paid in San Jose and in Campbell.

The breakdown was made up in a letter-form and presented to the various residents in areas adjacent to Campbell. It points out the savings in taxes at the present time and that because of the recent enactment of bonded indebtedness by the City of San Jose that San Jose's tax rate will even climb higher in the future.

The letter concludes: "The committee recommends strongly that no time be lost by you in annexing to the City of Campbell as soon as possible, for we do not hesitate to tell you how aggressive the City of San Jose is in trying to annex all of the territory that it is possible for them to obtain". The letter is signed by Milt Nelson, Campbell Chamber of Commerce president, and Cava, secretary-manager.

Red Cross Meets

Recognition of volunteers and election of officers will take place at the annual meeting of the Campbell branch chapter of the American Red Cross tonight. Laurance J. Hill local chairman has announced.

The meeting will take place at 6:30 p.m. in the Campbell Elementary School cafetorium on N. Third St.

As a special guest and speaker will be Miss Gina Einstein, an exchange student at San Jose State College, from Palestine, who will speak on the subject, "My Two Countries".

New Record for California

Campbell to Get $23,392.97 in State Gasoline Tax Revenues This Year

A record total of $26,026,618.55 of state gasoline tax revenues has been apportioned to 324 cities in California for street work during the current fiscal year, State Director of Public Works Frank B. Durkee announced this week.

Last year's amount, the previous record, was $24,085,255.42.

The total apportionment to Campbell for the fiscal year ending June 30, 1956, was $23,392.97.

The gas tax given to cities is the revenue from five-eighths of a cent per gallon out of the state gasoline taxes paid by highway users and is apportioned by the State Division of Highways according to law on a population basis.

The City of Los Angeles was again at the top of the list in the amount of money received, and the City of Amador, Amador County, at the bottom. Los Angeles' share was $6,490,804.66, Amador's $457.42.

Eight new communities have entered the ranks of incorporated cities during the past year in time to become eligible for a share of the 1955-56 apportionment, including Fremont, and Newark in Alameda County; and Los Altos Hills, and Cupertino, Santa Clara County.

Durkee pointed out that this money allocated to cities is in addition to the funds expended on state highways within cities and included in the State Highway Budget by the California Highway Commission.

State law requires the cities to expend at least 60% of this gas tax apportionment for construction on streets included in the major street system as designated by the city council and approved by the State Department of Public Works. Up to 40% may be spent for maintenance of city streets.

High School District To Vote for State-Aid

Voters in the Campbell Union High School District will ballot on June 12 to accept $1,500,000 in state aid in order to purchase three needed school sites in the district. The State Allocations Board has already approved a loan of $230,000 for the purchase of one of the sites, contingent upon the June 12 election.

The funds already approved wlil be used to purchase a 53-acre site west of the corner of Lovell and Harriet avenues along the San Tomas Aquino Creek. The third high school of the district will be located there and will serve the San Tomas and Quito Park area.

The two other sites that will be needed to provide for the potential increase in enrollment by 1960 will probably be located in the northeast and northwest portions of the district, according to Laurance Hill, superintendent.

First Time Requested

This marks the first time that the high school district has requested state aid to provide necessary school sites, buildings and equipment. The assessed valuation of the district is insufficient to raise funds to maintain and operate the schools and purchase new sites at the same time.

Projected enrollment based on a population survey indicates that the three new high schools will be needed within five years.

Camden High, the second high school idstrict, was built without state help. An expansion program at that school is now under way. Camden High with only freshmen and sophomore classes this year had an enrollment of 667 and will have 1516 pupils within two years when the junior and senior classes are added. Campbell has an enrollment of 1754 and is expected to remain at that level.

Needed by 1958

Hill estimates that by September 1958, plans to house additional students must be complete unless the facilities and classes at Campbell and Camden are to be overtaxed.

The district is now bonded to capacity, one of the qualifications for state-aid eligibility, and district officials maintain that the new sites must be purchased now because they can be obtained for much less than in a few years hence when the area is developed more extensively.

The high school district covers a large area of the county (actually part of it lies in three cities, San Jose, Campbell and Santa Clara and the county) and most of the territory within its boundaries is being reconverted from farm lands to homes.

Pays For Plans

State aid, according to Superintendent Hill, will not only allow the district to purchase the sites now at a lower figure but will make it possible to provide plans for the schools themselves. Hill thinks that, although the two other sites that will be needed have not yet been selected, construction of all three schools may be started at the same time.

Joe Gomes, clerk of the high school board, heads the citizens committee that will start a concerted drive next week to acquaint the voters of the district with the necessity of receiving state aid.

GOING UP!

In the Campbell Union High School District 7059 homes are definitely planned within the next five years.

There are 2078 homes now under construction.

An additional 893 plans for homes have been filed by subdividers.

These are some of the figures gathered by school district officials in estimating the projected enrollment for the schools in 1964.

But estimates have had a tendency to fall behind actualities.

A comparison of the study made in 1950 of projected school enrollment and the actual enrollments today reveal that the estimates of 1950 are almost two years behind the actual growth of the district at this time.

District officials figure it will take three more high schools in the district to accommodate the high school students in 1964 based on estimates made at this time.

But what if the rate of construction increases?

That's something else again.

GRADE SCHOOL MUSICIANS WIN HONORS

Superior ratings by unanimous decision of the judges, were awarded Campbell Grammar School band and orchestra, when they took part in the recent State Music Festival at Vallejo.

When the 70 band members gave their renditions of "Highland Park Festival" by Kinyon, "Hoosier School Master" by Yoder, and "American Cowboy" by Butchel, under the direction of Edward Tonini, they not only received a superior rating, but enthusiastic praise from the judges as well.

A few of the comments of the judges were, "It's the best looking band we have seen . . .", and "The balance and blend is excellent. The precision with which the group played this number was a delight to hear—everyone concerned has a right to be pleased with the work of this group. Congratulations."

With their performance in "Sourwood Mountain" and "Volga Boatmen", arranged by Daniel Walter, the 61 members of the school orchestra, directed by Edward Tonini, also received the superior rating, with enthusiastic comments by judges who remarked on the fine organization and good training displayed.

"Excellent rhythmic control and response to conductor", "This is a fine organization that has had some good training. They play musically and 'well'", plus comments on excellent balance, tone and precision, were some of the judges' plaudits for the group.

When Eddie Tonini, instrumental music director at Campbell Grammar School, begins training music students, most of them are beginners.

Membership in the school band and orchestra is made up of all music students, and not just a few more advanced students, which makes their achievements in the recent State Music Festival and other events, even greater.

Eddie Tonini, in commenting on achievements of his students remarked, "I'm very proud of the progress and development of musicianship on the part of all the students. Their attitude is good and they display a fine loyalty to their group and are aware they represent their school and district and have assumed responsibility of making a good showing." He modestly assumes little credit for their achievement.

Tonini stated that without co-operation of the school administration, and particularly on the part of Mrs. Dorothy Royce, school principal, advances in the music department would have been much more difficult, if not impossible.

Among adjudicators at the festival were: Edwin Kruth, San Francisco State College; Gibson Walters, San Jose State College, and Fred Westphal, Sacramento State College.

Growth Causes It

Elementary School District Board Approves First $2 Million Budget

For the first time in its history, the maintenance and operation budget of the Campbell Elementary School District will exceed $2 million. Trustees of the district on Tuesday night of this week tentatively adopted a $2,012,383 budget for the 1956-57 school year, an increase of $266,000 over last year's $1,736,000.

At the same meeting the trustees awarded Guerries Construction Co. the bid for the eight new portable classrooms which will be placed temporaritly at the Hamilton, Cypress and Dover Schools. The low bid was $98,637 and the three other bids received ranged to more than $102,000. The classrooms will be built this summer.

William Henley, district superintendent, also reported that the State Allocations Board had approved a loan of $164,100 to the district for the purchase of two new sites. One loan, $99,600, will go for a 13-acre site at the Blackford Lane north of Hamilton Ave., and the balance, $64,500 for a 10-acre site on Cypress Ave. between Moorpark Ave. and Williams Roda. The schools, still unnamed, will be the district's 13th and 14th. It is hoped that they will be open in the fall of 1957.

The district plans to call for bids for its Sherman Oaks School within the next few weeks, Henley reported.

The tentative $2 million budget for the district makes allowances for the increased growth of the district, additional teachers and raises in salaries. The enrollment at the present time is approximately 4940 and next year it is expected to reach 5500.

Youngsters in the North Milton Ave. neighborhood were busy last week preparing for a fashion show and a bit of amateur theatricals which they presented on the Michael Mora patio last Sunday afternoon.

Attired in fashions, apparently gleaned from the back of their mothers' closets, "latest" fashions were modeled by Dorothy Diehl and Cindy Riley. Vicki Mora, commentator for the affair, donned a red vest and straw skimmer for her stint before the mike.

Lee and Ray Jacobus and Jackie Nooteboom, the farmer boys, did an admirable demonstration on how a garden should be cultivated. Last, but not least, Renee Nooteboom, age 4, modeled young tots' play togs.

Mike Mora and Freddie Nooteboom supplied the music for the affair.

Pink lemonade was served at the conclusion of the program.

MORELAND MUSINGS

The steering committee of the Citizen's Advisory Committee met last week to make plans for the picnic and also the June 4 meeting. This meeting, which will be held in the teacher's room at Moreland at 8 p.m. will hear committee report for the past year as well as a progress report on the kindergarten-primary school which is being built at Strawberry Park, and the uppergrades site which is being purchased.

Final arrangements have been made for the picnic which will be held at Laurel Park, on Stevens Creek Road, 3 miles south of the Dam. C. E. McVey and James Hall make up the fire committee. The recreation committee is composed of Dr. Robert Taylor, Sal Millan and Frank Mortara. There will be swimming, games, family barbecues, and potluck. All residents of the district are welcome.

QUITO QUORNER

The "No-name" club met at the home of Elaine Yesney last week for a white elephant sale and an afternoon of whist. Next week it will meet at the home Anne Younis.

The club got its title, when, t one of its dinner meetings, the orchestra leader wished to know the name of the group so that he could dedicate a number to them. They told him that they had not yet decided upon a name. He reported to the dinig room that the "No-name" club was holding a dinner meeting. The girls decided they liked that title, and adopted it.

The Quito Dad's Club sponsored another skating party for the children who help make the school day run smoothly. The teachers who went were Drue McMillan, leader of the Traffic Patrol, Florence Gilmore, who supervises Audio Visual; Jeanne Tenhaeff, in charge of the Service Club; and principal Dorothy Sutter.

The traffic patrol is responsible for the speed of the children on the playground. They caution, "Don't run, walk". and otherwise watch out for the welfare of the younger children. Darral Seekats, Donna Long, Jeanette Byrd, Tom Bissell, Duwayne Hogan, Edwina Spiker, Bonnie Bradley, Cheryl Yeargood, Marvin Mack, Pam Barnett, Willie Hott, Jackie Greensides, David Mraz, Barbara Hollis, Betsy Lasen, Larry Elizondo, Walter Workmon, Kathy Talbot, Richard Alexander, Gordon Kubota, Jackie Romine, Sandra Woods, Ro-Ro LeDoux and Bill Smith attended from this group.

The Audio Visual club runs the movies, the tape recorders, the loud speakers and the phonographs for the school.

Dale Barnett, Michael Paddock, David Duncan, Frank Markert, Jack Stiltz, John Steele, Paul Hewitt, Bruce Patton, Brian Dorman and Chipper Stevens attended from this group.

The Service Club picks up all the odd jobs around the school such as the lost-and-found, delivering milk for the snack time in the lower grades, and clean-up in the cafeteria.

Kenneth Stone, Eddy Kiles, Edward Cerra, Buddie Kiles, Ricky Gregson, Leslie Davis, Larry Timmons, Keith Ducote, John Carr, Linda Caravella, Rachel Santos, Earl Varsallona, Linda Phillips, Louise Pechin, Sally Griffith, Steve Hannah, and Jerry Sousa were the students from this group who went skating.

The last assembly in May was presented by Barbara Peacock's 4th and 5th grades. The assembly theme was a television program with four acts; Pioneer days, Music, Tumbling, and a skit. The Program had a Master of Ceremonies, Brian Dorman; and A Guest Spot which was filled with an Indian Dance by Miss Tenhaeff's 3rd grade.

Thelma Medska was recently hostess to the Sew-and-so club in her Campbell home. The girls feasted on angel food cake, with fresh strawberries and strawberry ice cream. The next meeting will be at the home of Mildred Primmer, who also has moved out of Quito, and now lives at Westwood.

Terry Porter carried the American flag in the Scoutarama parade. The other members of Cub pack 35 made copper plaques. Steve Chaplin from den 3 made an Indian head.

Gerald Haymond and Philip Drew from den 4 made buccaneers. John Alexander and Gary Porter from den 6 also made buccaneers.

MORELAND MUSINGS

Moreland School, Frank Lo Voi principal, had its second annual Play Day last Friday. The theme was "color" with the students striving to see who could wear the loudest color combinations.

Kathy Gun's and Bertha Hoagland's kindergarten classes stole the show with a circus parade.

A picnic lunch of hot dogs, cheese sandwiches, chili beans and potato salad was served for a nickel. The school cafeteria cooked the food, and the mothers served. The especial guests of honor were the mothers whose children would be in kindergarten next year, but all mothers were welcome.

Campfire troops I-Y-Wa under the leadership of Mary Smith, and O-Ki-Ka-Ma under the leadership of Beverly Coe, will be entitled to sit in the Wood-Gatherer's section at the Campbell Council Fire this evening.

Activities for the past few weeks have centered around the work necessary to attain this rank. May 12 they had a breakfast-dinner-supper cookout at Steven's Creek Dam.

Last Friday they were hostesses to their parents at the home of Beverly Coe. Various Asian dishes were served, and the diners sat on cushions on the ground. The girls completed their offerings of vegetable seed for the National Council to send to Asia, and got their badges to sew on their uniforms for this activity.

Tuesday at camp fire their memory books were checked, and now they are full-fledged wood-gatherers.

Sixth district PTA headquarters of Paseo Olivos is working hard for the success of the Information Clinic at the Fair Grounds to be held tomorrow. Duplicate sessions in morning and afternoon.

EFFORTS MUST BE COORDINATED

Every businessman, resident and city official in Campbell should be interested in the future welfare of the community.

No one claims to have a crystal ball, but there are certain basic principles of growth and progress that should and can be followed in planning for the future. But to accomplish the objectives it takes cooperation of all concerned.

A common goal should first be established and then all efforts should be bent toward reaching it.

We feel that the City Council, the City Planning Commission and the Chamber of Commerce, plus the representatives of all interested community organizations, should have an understanding of how best to go about making the community a better place in which to work and live.

It stands to reason that no person who is serving without compensation can devote the necessary time to constructive future planning. The job is too big. Because of this fact the best we can hope for from public spirited individuals is only part-time efforts.

These part-time efforts are extremely important and necessary. They are an integral part of any future planning. Without an unselfish attitude on the part of these volunteers any program would bog down.

The Campbell Chamber of Commerce is now organized under a secretary-manager type of operation. We suggest that a study be made of the possibility of utilizing the services of the manager as the "coordinator" in the over-all planning of the city. He could be the official liaison between the Council and other groups.

We feel that it is possible under such a set-up for the manager to organize an annexation program. (Indeed, Sam Cava, the present manager, is doing just that), and to work with other civic groups in the planning of improvements, both for the present and the future.

We are confident that the community needs a coordinator and we feel certain that it could be possible to work out such an arrangement so that all organizations and residents would benefit.

It is true that we cannot foresee the future in all aspects, but we feel that we can be better prepared for what it may bring if we can coordinate our efforts and cooperate with each other to achieve definite objectives that are logical.

YOUR ONE VOTE COUNTS

Every person, we are sure, is familiar with the fact that there will be an election next Tuesday, June 5. Although interest has lagged in the oncoming primary, presidential aspirants touring the state during recent weeks have focused the attention of the nation on the California balloting next Tuesday.

Political experts, however, are more or less agreed that the turnout at the polls will be light Many voters will not take the time or will not bother with taking a few minutes off to cast their ballots.

We would like to remind the voter, however, of the importance he enjoys as an individual when he casts his one vote at the polls.

He need only recall the Maryland Presidential Primary held several weeks ago. Former Senator Millard E. Tydings and Senator George P. Mahoney waged a torrid race that found them deadlocked 76-76 in the state's nominating unit vote for the Democratic Senatorial nomination. Tydings won by getting a slight edge in the popular votes.

Right here in California in 1954, U. S. Representative John F. Baldwin, Jr., was elected by 2500 votes over his Democratic opponent. The margin of victory between the two candidates was 1.8 per cent of their combined votes.

One vote in any of our voting precincts June 5 may decide a candidate's future. That one vote may be yours. So join your neighbors at the polls next Tuesday and exercise the hard-won privilege of the ballot.

Americans are darn lucky, by the way, to have this privilege. There are plenty of people in other parts of the world who have lost it. One only has to read the newspapers to learn of those who must now suffer because they lost the ballot privilege and as a result enjoy no voice in a government composed of a tyrannical few.

Politics in this country has always made good talking among friends and neighbors. Some heated discussions have often resulted, at times leading to fisticuffs.

Yet all the discussions and fights over one's ideas and principles go for naught, if one does not bother to cast his ballot.

The most effective way to give active meaning to your opinions and preferences is at the polls.

See you there!

The Cub Pack 30 booth gave away clothes-pin figures of Boy Scouts at Scout-o-rama on Friday night. Adults supervising the booth were Mr. and Mr. Wm. Good, Mrs. J. Fischer and Robert Dulas.

Cubs who made the figures, before an admiring audience were Larry Duus, Robert Pinney, Bruce Dulas, J. C. Orvis, Paul Eades, Ronnie Hiatt, Shep Pinney, Mike Vierra, Jack Fischer, Timm Good, Mike Good, Darrell Hiatt and Carlos Hernandez.

Leo de Palma and Louise Pechin of the San Tomas 4-H Club got their feeder lambs at the Fairgrounds Tuesday night.

Parents who are looking for an all-family activity should consider the 4-H Club this fall when it opens for registration. Boys and girls ten years old through college are the project workers. There is need for parents to act as leaders and co-leaders, and the junior members of a family soon become active assistants, especially where the project revolves around animals. Residents of the entire Campbell area are welcome.

The San Tomas Baptist Church has been making the most of their guest speaker, Dr. Lyn Elder. Last Friday morning they held a mother's meeting, with mothers attending from the Campbell and Cambrian churches as well as tneir own. Mrs. Ed Killibrew made coffee, and Hester Steven brought donuts and an informal question and answer forum was enjoyed by about 30 mothers.

OUT on the LIMB

with

George Vierhus

The Pacific Coast Conference is seething with charges and countercharges and cries of anguish pour out over the crackdown on overpay to athletes continues.

UCLA has taken the most severe beating to date. But before the smoke has cleared every other college will be touched in some manner or other.

It is difficult for us to get excited over the charges that have been levied. But, we are convinced that the faculty representatives of the conference who made the accusations made a mistake in judgment they will regret. We don't think they gained a darned thing except turmoil that will do no good.

This holier-than-thou attitude on the part of the good professors is for the birds.

—o—

Unless a person has been buried behind the iron curtain or lost in the ivy-covered halls of learning, he should have known that football players are people. They have to live the same as professors do and it costs money to buy groceries in either case.

Football players, as well as other college athletes, must put in at least four hours daily of hard work. The thousands of cheering fans on a Saturday afternoon overlook the weeks of preparation and the grueling grind.

College athletes have no bed of roses, for not only must they keep up in their studies, but they must also keep up with the coaches. Both take a lot out of a guy.

What we are trying to say is that there should be compensation for this work. Those who think these guys pounding each other are doing it just for the honor and glory of the school are laboring under a false illusion.

—o—

That's why we think this action by the profs in socking UCLA was a foolish move.

What has always bothered us is that athletes have been singled out as the big,bad boys. No one is concerned over the subsidies granted scholars, embryogenic scientists or musicians. We don't think there is too much difference among them

Why not put them all on the same plane?

If it is ethical to pay the way for non-athletes, it would seem that it would be fair to pay athletes as well.

Income from football has made it possible for many universities to expand their facilities so that thousands of non-athletes are benefitted. It is no secret that tennis courts and gyms have been built from football income. It is also no secret that in many cases the intramural physical education program in many colleges is dependent entirely on football.

We think it is time to adjust our thinking a wee bit on what is fair for the guys who do or die for their schools on the athletic fields.

—o—

We didn't mean to develop this into an athletic diatribe but we thought we ought to get into the act because we feel quite strongly on the matter. We don't like hypocrites in any shape or form.

—o—

An interesting sidelight on the athletic picture was illustrated recently by Coach Bill Priddy, of the champion track team at Campbell High.

Two members of the champion team were also members of the school choir. Coach Priddy told us that the day the choir was to take part in a music festival was also the same day that a track meet was to be held. A compromise was worked out. One of the trackmen-singers went to the songfest while the other singer-trackman participated in the trackfest.

But it is not always possible to work out such an arrangement.

—o—

Typographical errors occur in the best-regulated newspaper families. The Campbell Press is no exception. However, we try to hold our errors to a minimum. But some real humdingers get by us every now and then.

Not so long ago a transposition occurred in line of a front-page story. We think we should record it for posterity.

The story concerned the activities of the Campbell Planning Commission. The transposition took place in the last paragraph. Here's the way the paragraph read:

"The City Engineer's office is also known as the Campbell Hatchery."

What made the error so hard to catch was that the lines fitted so well. We found that a line was missing in the paragraph above it which referred to the hatchery. It had been inserted in the wrong paragraph.

Those things do happen.

"How old am I?"
asks Mrs. Harry Craig Wilder
2865 Jackson Street, San Francisco

Ever notice how young looking most women stay these days? One reason—and a big one: modern appliances. They're freeing women everywhere from chores that used to make them old too soon.

Take Mrs. Wilder, who leaves much of her hard work to appliances. She celebrated her 45th birthday this past month!

Makes sense, doesn't it, to put more and more of these automatic servants to work in *your* home? And here's the beauty of it: with gas and electricity so cheap in California, you can run a whole houseful of appliances all day long for less than the price of a jar of face cream.

LITTLE LEAGUE OPENS

With twice as many players and teams as last year, Campbell's Little League will officially open the 1956 bseball season this Saturday at 10:00 a.m. when Laurance Hill, superintendent of the Campbell high school district and president of the Little League, tosses out the first ball at the Rosemary School Little League field. There will be four games at the field Saturday.

Eight teams will participate this year in the Little League program which has been divided into two leagues of four teams each. Four of the teams will comprise the Campbell league and four Cambrian. Each team will carry 15 players on its squad.

Until the Cambrian field is completed, however, the Cambrian league will use Campbell diamonds, playing Thursday games on the Campbell Grammar School field and on Wednesday and Saturday the Rosemary park.

Guy Troedsen, commissioner of baseball for the Campbell Summer Recreation District which directs the Little League play as part of a full summer sports program, expects the Cambrian ball field will be completed by the start of the second half which will begin the second week in July. The Cambrian field is located at the Steindorf School.

Campbell Lumber Co. will meet Campbell Stamp Association in the first game Saturday. At noon Mac's Market and the Methodist Men will play the first Cambrian game followed by Heb Raymon's team playing Western Gravel at 7 p.m. (Campbell) and with Northern California Construction opposing Robin's in the night cap scheduled for 4 p.m.

During the week the games will start at 6 p.m. and at 10 a.m. on Saturdays when the Cambrian league plays a double-header.

Troedson said that twice as many umpires will be needed to work the games this year and those interested should contact him at ESsex 7-2440.

Cel Gerevas Buys Hardware Store In Santa Clara

Cel M. Gerevas, former partner in the Campbell Hardware store and currently serving as president of the Campbell Rotary Club, this week took over as owner of Reimer's Hardware, 1156 Franklin, in Santa Clara. He plans to change the name to Santa Clara Hardware. George Reimer was the former owner of the store.

Gerevas has had 35 years experience in the hardware business, having worked for 24 years as sales representative for Baker and Hamilton, wholesale hardware supply firm.

Gerevas said it was his intention to give the people of Santa Clara a hardware store in which it will be a pleasure to shop both from the service and completeness of the stock. In addition, the firm will feature the First National charge plan, according to Gerevas.

Gerevas has served as director and vice-president of the Campbell Chamber of Commerce; past president and one of the founders of the Campbell Merchant Stamp Association; past president of St. Lucy's Men's Club; member of the Knights of Columbus and Elks clubs. Gerevas and his wife, May, have three children, Don, 20, student at San Jose State; Sheila, 17, graduating this year from Campbell High School and Bill, 11, a student at St. Lucy's in Campbell.

Campbell American Legion Auxiliary, Unit 596, extended thanks this week to residents of the Campbell area who contributed to the annual poppy sales last week end.

Brownies and Girl Scouts Receive Achievement Awards in Ceremonies

FLY UP

When Girl Scout Troop No. 274 held their Court of Awards recently, thirty-two parents and four grandparents were on hand for the candle-lighting ceremony which took place in the home of Mr. and Mrs. Mac Cutler.

Mrs. E. J. Collins, troop co-leader, awarded badge sashes and pinned Girl Scout pins on the following girls: Ann Christiansen, Carol Lea Collins, Carol Lynn Cutler, Melania Delia, Sharyn Goudy, Jan King, Sandra Lew, Marian Nicholls, Robin Perry, Dona Rhodes, Bambi Rideout, Toni Lynn Stafford, Jacqueline Struss, Linda Tilley, Martha Kay Tumason, Gale Vallelunga and Susan Weber.

Mrs. Paul Christiansen and Mrs. Mac Cutler, co-leaders, received special awards of merit for their outstanding service to the troop for the past three years.

The troop is now looking forward to the many new experiences in the intermediate program of the Girl Scouts.

Local Camp Fire Girls Hold Grand Council Fire

Tom-toms and piano music accompanied 300 Camp Fire Girls and Blue Birds and their leaders from 34 area troops, in their traditional procesion, "Kahinto Kamya", when they entered Campbell Grammar School cafetorium last Thursday night, to receive recognition for their progress along the Camp Fire Trail.

Candles of "Wohelo" (work, health, love) were lit around the Council fire, and from their flames, seven craft candles and those of the "Blue Bird Wish" were lit.

Sherry Kollman, Campbell High School senior who has passed all Camp Fire ranks, was narrator for the ceremonies which were held, giving history and traditions of Camp Fire Girls as the ceremony progressed.

When 52 Blue Birls flew up into Camp Fire, the following troop leaders presented them with certificates: Mmes. Boyd Rapee, Andrew Seeman, Manuel Magnasco, J. Meadows, Philip Coppedge, Dale Austin and Lois Hinkel. Camp Fire Ties were presented these leaders by girls from groups of: Mmes. L. Means, L. Jauncey, D. Austin and B. Rapee.

Robin O'Flyng received the Torch Bearer award, highest in Camp Fire, for her work in Camp Craft. Miss Virginia Langfelner, executive director of Santa Clara County Council of Camp Fire Girls, made the award.

Mrs. William Reich was pianist for the ceremonies and girls from Mrs. Gunnar Peterson's group were tom-tom girls. Mrs. John Estepa's group performed Blue Bird candle lighting ceremony. Mrs. Joseph Voytek is group leader for the flag bearers and Mrs. Harold Gardner's group were ushers.

Mrs. Harry A. Smith, chairman of Campbell District Leaders' association, was chairman for the affair assisted by her co-chairman, Mrs. Leslie Jauncey, president of the Board of Directors, and Mmes. John Estepa, Beryl Barcia and Jean DeMartini, committee members.

County board of directors members from Campbell District are: Mrs. Harold Gardner, Dr. and Mrs. Leslie Jauncey, Mrs. Harry Smith, Mrs. R. O'Flyng, and Norman Bowman.

Mrs. Gardner told the audience of the Day Camp to be held for Campbell District Camp Fire Girls August 13 to 18, and Harold Shank, camping chairman for Campbell, told of the need for volunteer help in getting the resident camp, Camp Wastahi at Big Basin ready for the coming season.

Miss Constance King of Saratoga is the new field director for Campbell District.

CHERRY LANE GROUP INSTALLS OFFICERS

Owen Peterson was installed as president of Cherry Lane Home and School Club at the recent installation meeting, when Phil Salituri, outgoing president, was installing officer.

Other officers installed were: Mrs. Marge Ferrini, vice president; Mrs. Neva Chamberlain, secretary; Bill Lawler, treasurer; and Frank Blaine, auditor.

MRS. E. J. COLLINS
. . . A Good Scout

Mrs. E. J. Collins, one of the coleaders of Girl Scout Troop No. 274, is also Girl Scout Cloverleaf District Chairman, covering Campbell High School, Campbell Grammar School, as well as all elementary schools in the Campbell Union School district. She is also a member of the board of Santa Clara Valley Council of Girl Scouts.

Mrs. Collins, an enthusiastic and tireless Scout worker, devotes a great deal of her time to advancement of new and useful activities in girl scouting. As Cloverleaf chairman, she acts as a liaison between scout headquarters and the various troops in her district, lending assistance and advice to new leaders.

In commenting on the troops in her district, Mrs. Collins was enthusiastic in her praise for the spirit of good will and cooperation in her district and credits troop leaders with the success of girl scouting in the Campbell district.

In her final comment on scouting in her district, she stated that although enthusiasm and interest in scouting is high, expanding population and school enrollment increase the demand for new leaders to take care of the many girls who are interested in becoming Brownies and Girl Scouts.

The royal pair, selected by student body vote, will be attended by Laurana Cater, Barbie Cornett, Sandra Sipes, Michael Hayes, David Bachmann and Roger Schwal.

Cameo Drive took on a festive air last Saturday when residents blocked off the street, set up picnic tables and portable barbecue units in the street, and all joined in a "block party". Ping pong and croquet were some of the amusements for all ages that were in progress at the party. Sneed and daughters, Jay Deane and Sue Ann; Mr. and Mrs. Gene Andres, and sons, Fred and Gene; Mr. and Mrs. Joe Cosmo and children, Kenny and Gail; Mr. and Mrs. W. Beardsley and sons, Corky, Bobby and baby Terry; Mr. and Mrs. W. Campbell - Camden Adult Centers Exhibit Works

More than 500 persons attended the annual open house at Campbell Union High School on May 15, commemorating the first century of Adult Education in California. It also marked 36 years of service to adults in this community.

A wide variety of exhibits from Adult Education classes at Campbell and Camden High Schools was displayed, demonstrating what was accomplished in the classes during the first year.

Exhibits in fine arts, from Mrs. Barbara Blackmun's class, led the show in number of exhibits displayed. Quality of work in water color and other media was very high, according to art critic and instructor, Thomas Harris.

Other art exhibits included arts and crafts by Wesley Berg's group, enameled jewelry by Thomas Harris' group; flower arrangements by Mrs. Lura Smith and her group; Homemaking exhibits from Mrs. Helen Davis' Campbell Center group, and Mrs. Muriel Grady's Camden Center group were displayed. Mrs. Winifred Tonkin's Campbell weaving class, and the "ruggers", rugmakers, of Mrs. Bessie Young's class, also exhibited their work.

A pre-1900 varitype typewriter made in Europe was displayed by the business education class, contrasting with new electric techniques. Mrs. Virginia Kolze's investment class was represented

Boat constructing exhibit from Ray Stowell's class, and funiture making from James Bittle's class in upholstery were also displayed. Other special exhibits were from: creative writing classes, under Robert Olson; Braille by Fred Sinclair, both from Campbell Center. Ralph de la Rosa's Spanish class, attired in colorful early California costumes, added a colorful note to the event.

Mrs. Eleanor Gleed, cafeteria supervisor, was in charge of refreshments for the event.

According to Ed Stanley, director of Adult Education, "The use of enlarged facilities in the Girls' gymnasium permitted a very enjoyable open house. The exhibits were outstanding and the students from our district displayed remarkable talent in their work, as well as fine community spirit in arranging for the Adult Education Centennial Show."
